

# Best Athletes in the East Will Appear in Georgetown Indoor Track Meet

## GEORGETOWN MEET WILL BRING OUT STELLAR ATHLETES

Thorpe, Jones, Cooke, and Eller to Be Seen Next Saturday.

## JOHNNY GALLAGHER IN DISTANCE RUNS

Yale, Virginia, and Cornell to Send Entire Track Teams Here.

What is confidently expected to be the best track meet ever held under the auspices of Georgetown University will be conducted next Saturday night at Convention Hall, attracting such stars as Bob Eller, Georgetown's mighty performer; Jim Thorpe, Carlisle's great all-around athlete; John Paul Jones, world's champion miler; Willie Cooke, Virginia's pride and boast in the middle distance events, and scores of lesser known athletes. Every seat has been applied for, and the largest throng in the history of track athletics in the Capital is looked for.

Johnny Gallagher, considered the great schoolboy athlete in America when running under the colors of the Brown Preparatory School, of Philadelphia, will appear in a dark blue jersey. This young flyer is now a student at Yale University, and one of the most promising members of the Eli's track team. He has competed in distance races in this city several times, and next Saturday night will start in the mile and the half mile.

### Send Entire Team.

The entire track squads of Yale, Virginia, Cornell, Princeton, Carlisle, Johns Hopkins, and Georgetown will appear on the floor at Convention Hall. In addition to their elders the crack schoolboy athletes of the Capital will be seen in their own scholastic events, battling for the schoolboy honors of the District.

Four schoolboy teams are expected to start in the scholastic relay: Georgetown Prep, Western, Technical, and Central High. Central High is looked upon as the more probable winner, with such performers as George Hamilton, W. Pollard, Tibbets, and George Van Dyne.

Yale and Princeton will battle for the honors in the two-mile relay, while Cornell faces Carlisle in the mile relay. This latter race should be a stager, as John Paul Jones will be anchor man of the Cornell quartet. It was by this star's amazing run in New York a week ago last night that the Harvard team were enabled to win the intercollegiate two-mile relay relay race.

Georgetown's championship, little the worse for wear, will struggle against Virginia in the mile event, and there is no picking the winner. Virginia has some fast lads for its quartet, and is a slight favorite over the Blue and Gray.

### Meets St. John's.

Maryland Argies will have for opponents the crack St. John's College four, of Annapolis, and the winner will lay claim to the championship for secondary colleges in Maryland. Individual stars are Bob Eller, of Georgetown, Ted Berna and Jones, of Cornell; Harry, of Baltimore City College, formerly captain at Western University; Cooke and Todd, of Virginia; Gallagher, of Yale; Horrax, of Yale Indians. Eller will figure prominently in the dashes and hurdles, and he will also appear in the shot-put, the miler and Jones will perform in the mile and half mile events, as will Gallagher.

The high jump will find Thorpe and Horrax dangerous contenders for honors. Cooke will lead in the half mile, and his team mate, Tommy Todaro, is booked to appear in the dashes and relay.

## Athletics Making Big Plans for Next Season

There is going to be no bare-and-tortoise business about the American League race if the tall leader of the White Elephants can help it. Plans for the coming American League race have been laid as carefully as if the Athletics were a team of youngsters with their reputations still to make, instead of two-time winners of the blue-ribbon event of America's sporting world—the world's series.

## HILLTOPPERS LOSE BY SINGLE POINT

University of Virginia Barely Noses Out Victory From Georgetown at Richmond College Indoor Meet—Bob Eller Wins Fifteen Points.

Despite the heroic achievements of Bob Eller, who won all by himself fifteen points, Georgetown lost the point trophy at the Richmond College meet, at Richmond, last night, to Virginia by a single point. When Cochran, Virginia's pole vaulting star from the Pacific coast, earned three points by taking second place in his event, the victory swung from the Blue and Gray to the Orange and Blue. Virginia scored twenty-two points to Georgetown's twenty-one.

As in the Baltimore meet a week before, Bob Eller was the bright individual star of the gathering. He romped away with the fifty-yard dash, leaving Smith, of Tome School, in the dust. The fifty-yard hurdles fell before his mighty stride, too, in the comfortable time of six seconds. Then the great Georgetown athlete hurled the shot forty-four feet eight inches, easily winning from Virginia's entry, Blanchard, the former Colgate performer.

Aside from his three individual victories, Eller started the relay against

the Tremont Athletic Club, of this city and ran away from his opponent, Stokes. However, the Blue and Gray did not have their best performers in this event and "Reggie" Rawlings, the final runner for the club team, defeated Hurley and won the race. Rawlings ran a brilliant race and well deserved the praise showered upon him.

Washington had two of her lads in Virginia's relay four which ran away from George Washington, Roger Bone and "Mickey" Guy.

Wylie Cooke, Virginia's crack half miler, had little difficulty in annexing the honors in his specialty, covering the distance in two minutes one and three-fifths seconds. Bacon, the old Wesleyan University track captain, now at Baltimore City College, was first in the mile jaunt in four minutes and twenty-nine seconds.

### Preps Victorious.

Georgetown University Preparatory School basketball team won a rough and tumble contest from Randolph-Macon on the latter's floor. Score, 18 to 13.

## Black Eyes on Paris Women Are Becoming Common Nowadays

PARIS, Feb. 25.—Fair Parisiennes have adopted a new pursuit. Boxing among women is becoming fashionable, and in consequence black eyes are becoming common sights along the boulevards and in the cafes. Several society women who have longed to fencing clubs have forsaken that sport for the manly art, and are becoming experts in the use of their little fists.

## Georgetown's Eleven Won't Meet St. Louis

Owing to the objection of the Georgetown faculty to a trip to St. Louis, the Hilltoppers' football eleven has had to cancel its game with St. Louis University, scheduled to be played in the Mount City on election day. The trip would have kept the players away from classes for four days and this was thought too much, particularly as they will make a jump to Raleigh, S. C., earlier in the season.

Negotiations are now under way to have Mt. St. Mary's play at the Hilltop on October 2 and for the Blue and Gray to face the Middle at Annapolis on Wednesday, November 6.

## RELIABILITY ROUTE OUTLINED BY CLUB

Rudolph Jose and Gardner Orme Busy With Plans for Contest Which Begins June 6—May Be Annual Automobile Event.

By HARRY WARD.

Rudolph Jose and Gardner Orme, captain and lieutenant, respectively, of the Automobile Club of Washington, are busy engaged in formulating plans for the proposed reliability tour to be run under the joint auspices of the automobile clubs of Washington, Maryland, Richmond, and Norfolk.

June 6 is the tentative date selected for the start, and the plan is to have each club have its own sweepstakes and class prizes, in addition to which there will be a costly trophy known as the Chesapeake trophy. This will be contested for annually by the clubs of the four cities, but the first year its possession will rest with the Automobile Club of Washington, as the idea originated in this city. There will be one corps of officials for the tour, and from the four cities the following officials will be selected: Starter, chief observer, chief checker, and pilot. These four will select the referees, and the five officials will compose the technical committee. It is likely a referee from some other than the four interested in the tour will be selected.

According to calculations made by

Captain Jose, the proposed route is about 750 miles long and skirts Chesapeake bay. For this reason the official title of the tour will be the Chesapeake endurance run. Starting in Washington, the first day's run will be to Wilmington, Del., with a noon stop at Baltimore. The distance is 122 miles. The second day's run is from Wilmington to Salisbury, a distance of 108 miles, with a noon control at Dover, the capital of Delaware. From Salisbury to Norfolk, which will be the third day's run, is 104 miles, and there will be a stop for gasoline at Jellor, Va. This day's run includes a trip on the ferry from Cape Charles to Norfolk. The next day being Sunday, the tourists will stop over in Norfolk, while on Monday they will resume the tour, which will take them to Richmond, a distance of 121 miles. Richmond to Staunton, a distance of 123 miles, will make up the next day's running, with a lunch stop at Louisa. The last day's run is longest in the series, being from Staunton to Washington via Winchester and Harpers Ferry. As this stretch is macadam throughout and great speed can be made, there is little question but what the tourists will be able to finish in Washington on schedule time.

## VIRGINIA TO MEET GEORGETOWN QUINT FRIDAY AT ARCADE

Game Will Decide Intercollegiate Title of South.

Manager Fortune, of the Georgetown University basketball team, has received word from the University of Virginia to the effect that the Charlottesville quint will come here next Friday night to play the Hilltoppers the game which will decide the intercollegiate championship of the South. The game will be played at the Arcade at 9 p. m.

## Mt. St. Mary's Wins From Drexel Institute

EMMITTSBURG, Md., Feb. 25.—Mt. St. Mary's basketball team easily defeated Drexel Institute quintet here by the score of 31 to 12. Drexel was unable to coast with the superb team work of the Mountaineers. Letters and Lenz were the star performers for the home team, while Fulton and Evans excelled for the visitors.

## Catholic University Wins From Gallaudet

In one of the best contested basketball games seen in the Brookland gymnasium, the Catholic University took an exciting game from the quint of Gallaudet College. From beginning to end the game was rough and tumble, as each side was anxious to take the final game of the season.

More than five minutes elapsed before either side was able to score. Fred Rice, the fast center of the Catholic University crew, started the scoring by a spectacular toss from the center of the floor. From this time on the baskets were scored frequently. Together with Rice, Horan and McDonnell probably put up the fastest game. Captain Arras and Keely were the best performers for the losers.

## Smithson and Rose Shatter Two Marks

SAN FRANCISCO, Cal., Feb. 25.—Forrest Smithson and Ralph Rose are almost certain to be selected for the American Olympic team as a result of their performances here last night. Smithson went over the 55-yard low hurdles in 2.1-2 seconds, equalling the outdoor record and making a new one for indoors.

Ralph Rose, thought not in the best of physical condition, hurled the 16-pound shot 50 feet 2 inches, bettering his old record.

## Ingram Wins Easily.

Ingram's basketball squad easily defeated the National Guard quint at the army gymnasium by 13 to 6. These two teams are now tied for honors in the City League.

## Take Third Place.

By winning from Western High School, 25 to 12, Cathedral School took third place in the Interscholastic Basketball League.

# This Car Costs \$1500

## What More Will \$1800 Get You?

**YOU must judge values by comparing values. A dollar article from one man is worth only one dollar from another—not a dollar and a half. Brown who pays a higher rent, operates extravagantly, and does little business, must take care of his "overheads" by inflating values. Therefore, he tacks an extra ten to twenty per cent. on everything he sells. But Jones, who sells the same goods, but sells more of them, and does not have the additional rents and numerous other overhead charges to take care of, sells you his standard goods minus this ten to twenty per cent. inflation. Jones is the man to deal with.**

**Apply this to automobiles.**

The car shown here is our famous forty-five horsepower touring car. It is priced at \$1500. This car has everything of any practical value that any \$1800 or \$2000 car in America has.

**Do you question this?**

Then run over these facts:—

First of all, this car has a powerful forty-five horsepower motor. It seats five large passengers. The operating levers are in the center—where they should be. The selective transmission is fitted with the finest F & S annular bearings—the best made. It has a full floating rear axle. Both front and rear axles are fitted with the famous Timken bearings. The pressed steel frame has a double drop. The magneto is a Bosch. The tires are big. The body is finished in deep rich Brewster green trimmed with heavy nickel plate. The lamps are dead black trimmed with nickel. Self-starter only \$20 extra.

It is a magnificent, strong, powerful car. It has all the beauty and comfort that is possible to get in a popular priced car. You cannot find a weakness or a flaw. It is sound and thorough. Neither the chassis nor body could be improved upon. It is
